Drug & Medicine
Storage & Dispensing
With over 62 years' experience, Bristol Maid® is recognised for designing, manufacturing, sourcing and delivering market-leading products that are fit for purpose, easy to use, reliable & above all represent value for money.

This brochure focuses on 'Drug & Medicine Storage & Dispensing', featuring an extensive range of cabinets and trolleys that assists you in complying with relevant legislation for the safe 'Management of Medicines'.

The range now comprises:

- Drug & Medicine Cabinets
- Controlled Drug Cabinets
- Drug & Medicine Cupboards
- Patients / Residents Own Medication Cabinets
- Storage Boxes
- Pharmacy & Vaccine Refrigerators
- Dispensing Trolleys
- Remote & RFID Solutions
- Distribution Trolleys

If you require further assistance, please do not hesitate to contact our Customer Service team or arrange for your Regional Sales Representative to visit and help find a solution that best suits your requirements.

Drug & Medicine Cabinets - Shelves & Door Shelves

**Features**
- Independently tested to BS2881:1989 (Security Level One) Specification for Cupboards for the Storage of Medicines in Health Care Premises
- BS3621 anti-pick & drill, key retaining five pin cylinder lock (supplied with 3 keys)
- Adjustable & removable shelves (190mm deep) & door shelves (75mm deep)
- Key profiling to Hospital Metalcraft Ltd offering 250,000 differs
- Compatible with ALOY® CLIQ™ Remote, integrating electronics into high security mechanical data cylinders & keys, combining electronic security & remote management in real time
- 12V DC LED lighting/warning system (model dependent) with volt-free contact to allow connection to light/nurse call systems. Requires 100V - 240V ~, 50Hz - 60Hz, 0.3A Mains supply. Supplied fitted with a UK 3 pin plug. CE marked & conforms to the low voltage directives 73/23/EEC & 89/336/EC
- Lighting transformer casing adds 105mm to the overall height
- 0.9mm (20 gauge) mild steel welded construction
- Modular design allows for easy interchange with HTM63 storage systems
- Compatible with our range of CD cabinets for the storage of Controlled Drugs

**Standard Colours**
- Paint - White

**Options**
- MPL - Mechanical Push Button Lock
- SL - Suited Locks
- PC/500/ST - Sloping Top (500mm Wide Cabinets)
- PC/600/ST - Sloping Top (600mm Wide Cabinets)
- PC/800/ST - Sloping Top (800mm Wide Cabinets)
- PC/1000/ST - Sloping Top (1000mm Wide Cabinets)
- PC/RLBS - Remote Light Box (Surface Mounted)
- PC/RLBF - Remote Light Plate (Flush Mounted)
- PCB - Buzzer Alarm (Factory Fit To Cabinets With Lights Only)

### Notes
- Buzzer Alarm (Factory Fit To Cabinets With Lights Only)
- Transformer casing adds 105mm to overall height
- MS005, MS010, MS015

### Features
- Independently tested to BS2881:1989 (Security Level One) Specification for Cupboards for the Storage of Medicines in Health Care Premises
- BS2881 and BS3621 anti-pick & drill, key retaining five pin cylinder lock (supplied with 3 keys)
- BS3621 anti-pick & drill, key retaining six pin cylinder lock (supplied with 2 working keys & identity card)
- Multi-point locking, operated using a handle mounted on the door (independently tested)
- Key profile unique to Hospital Metalcraft Ltd, offering 250,000 differs
- Compatible with ABLOY® CLIQ™ Remote, integrating electronics into high security mechanical disc cylinders & keys, combining electronic security & remote management in real-time
- Lock protected by hardened steel plates & stainless steel escutcheon
- 3.0mm (10 gauge) steel, seamlessly welded construction
- Motorised lock provided in back (flush not included)
- Hinged door design allows for easy interchange with HTM 63 storage systems

### Standard Features
- Independent tested in accordance with the Secured by Design system (SBD) Specification
- BS 2881:1989 & BS 3621
- Compatible with HTM 63 storage systems
- Single Door Cabinets
- Double Door Cabinets
- Right Hand Opening
- Left Hand Opening

### Notes
- With Light:
- Without Light:
- Transformer casing adds 105mm to overall height
- PC536/MDS - Frames not included
- PC1039/MDS - Frames not included
- MS005 with closed door
Controlled Drug Cabinets - Single Point Locking

### Features
- Single-point locking
- Key profile unique to Hospital Metalcraft Ltd., offering 250,000 differs per profile
- Compatible with ABLOY® CLIQ™ Remote, integrating electronics into high security mechanical disc cylinders & keys, combining electronic security & remote management in real time
- Can be supplied with a micro-switch to allow connection to remote lighting/nurse call systems (CD905), or supplied with a 12v DC LED lighting/warning system with volt-free contact to allow connection to light/nurse call systems. Requires 100 - 240v ~, 50Hz - 60Hz, 0.3A Mains supply. Supplied fitted with a UK 3 pin plug. CE marked & conforms to the low voltage directives 73/23/EEC & 89/336/EC
- Lighting transformer casing adds 105mm to the overall height
- 1.5mm (16 gauge) mild steel, seamless welded construction
- Mounting holes provided in back (fixings not included)
- Adjustable & removable shelves
- Security of models CD005, CD010 & CD015 can be enhanced by concealing inside one of our ‘Drug & Medicine Cabinets’
- Modular design allows for easy interchange with HTM 63 storage systems
- Supplied right hand hinging as standard, left hand available on request

### Standard Colours
- Paint - White

### Options
- CD905 - Micro-switch to connect to remote light box / alarm
- CD910 / CD911 / CD912 / CD913 - 12v DC LED Lighting/Warning System
  (for compatibility see tables below)
- PCB - Buzzer Alarm (Factory Fit To Cabinets With Lights Only)

Auditable Access Control for Medicines Management

System Components

**ABLOY® PROTEC CLIQ**
- **Key**: Provides dual security through the patented **ABLOY® PROTEC** mechanical disc cylinders and ABLOY® CLIQ® electronic cylinder.
- **Wall Programming Device**
- **Wall Axxess (Key Safe)**
- **Remote**

**ABLOY® PROTEC CLIQ** Lock Barrel
- A unique proof mechanism
- Escalation by three key entry and operation
- Can be mounted high and locked alike with cylinders, wall safe and combination lock as well as padlocks

Key Access (Key Safe)
- Allows integration of all keys into the CLIQ® system to control the locking of keys
- Keys are accessed using existing (or new) security cards or pin number technology
- Holds up to 120 programmed keys, each to be handled by one or more staff members, key activity is easily accessible from the system

Questions & Answers

Q. Is the system expensive to install?
A. The system is not expensive to install. A complete installation along with a long-life (12-24V) cylinders and a battery for the wall programming device typically costs £2,000.00 or less. No wiring is required to the cabinet. The wall programming device requires an Ethernet connection and power through a 12-24V adapter or alternatively power over Ethernet.

Q. How does remote access work?
A. Access from anywhere in the world is possible utilizing secure encryption via the internet. Allowing users to remotely provide access rights and retrieve audits on the fly.

Q. Who maintains the system?
A. System maintenance is normally assigned to a member of the hospital staff who will be responsible for programming/issuing of keys along with interrogation of audit trails.

Q. Can it be possible to access the system remotely?
A. The ABLOY® PROTEC is a cloud-hosted server farm, maintained and supported by Abloy. Access from anywhere in the world is possible utilizing secure encryption via the internet. Allowing users to remotely provide access rights and retrieve audits on the fly.

Q. What is the system used for?
A. The system is used in a cabinet fitted with an ABLOY® PROTEC cylinder an audit trail is created on both the key and cylinder.

System Features

- **Secure**: Provides dual security through the patented **ABLOY® PROTEC** mechanical disc cylinders and ABLOY® CLIQ® electronic cylinder.
- **Easily Programmable**: Keys can be added quickly and programmed to specific time and date.
- **Easy to Apply**: The key is made personal to that member of staff, resulting in increased ownership and a reduction in the number of keys lost.
- **Thin, light but incredibly strong key**
- **Holds up to 32 un-programmed keys, each with a unique identity**
- **Keys are accessed using existing (or new) security cards or pin number technology**
- **Allows integration of all keys into the system to control the locking of keys**
- **Remote**

Remote?
- **REMOTE accumulates electronics into mechanical cylinders and keys, providing a security solution that can be managed remotely**.
- In short, this works like an electronic handshake: when the key is inserted it engages with the cylinder, sending a random number back to the key. The key replies with an encrypted response which is decrypted by the cylinder and if valid the cylinder then allows access.

How Does It Work?

- The key will open cabinets where access permissions have been granted. Each time the key is placed into the Wall PD, previous key transactions are automatically downloaded from the key and stored in the audit trail library.

Process Flow

**Start of Shift**
- Nurse/member of staff places their key into the Wall PD to gain validation for their shift. If key transactions are present from the previous shift they will be automatically downloaded from the key and stored in the audit trail and time and date of their key entry will be calculated.

**During Shift**
- **Key is placed into the Wall PD**: Previous key transactions are automatically downloaded from the key and stored in the audit trail library.

In the event that the key is not placed into the Wall PD at the end of the shift, the audit trail is downloaded the next time the key is presented to the Wall PD in the event that the key is not placed into the Wall PD at the end of the shift, the audit trail is downloaded the next time the key is presented to the Wall PD.

**End of Shift**
- In the event that a key is lost this can be quickly and easily authenticated and re-issued from the key. If the key is not placed into the Wall PD at the end of the shift, the audit trail is downloaded the next time the key is presented to the Wall PD.

**Questions & Answers**

Q. Is the system expensive to install?
A. The system is not expensive to install. A complete installation along with a long-life (12-24V) cylinders and a battery for the wall programming device typically costs £2,000.00 or less. Drug & Medicine Cupboards - Single Door - 870mm High

Features

- Suitable for use in BS 3621:1989 (Security Level One) Speciﬁcation for Cupboards for the Storage of Medicines in Health Care Premises
- BS 2881:1 anti-pick & drill, key retaining ﬁve pin cylinder lock (supplied with 3 keys)
- Key proﬁle unique to Hospital Metalcraft Ltd, offering 250,000 differs
- Independently tested to BS2881: 1989 (Security Level One) Speciﬁcation for
- Interchangeable with our popular CT range (post 2016)
- Modular design allows for easy interchange with HTM 63 storage systems
- Interchangeable with ABLOY® CLIQ
- Available with:
  - Mechanical Push Button Lock
  - Five Pin Cylinder Lock

Options

- SL - Sloped Locks
- MPL - Mechanical Push Button Lock
- MC/JK/XX - Joining Kit (required when connecting cupboards)
- MC/DIV - Set of 16 Dividers
- MC/ST - Sloping Top
- SL - Suited Locks

Diverse Options

- MC/R/870/FS - Single Door, Five Pin Cylinder Lock, 870mm High, Flat Shelves & Dividers
- MC/R/870/3S2D - Single Door, Five Pin Cylinder Lock, 870mm High, Plastic Trays & Dividers
- MC/R/1870/FS/MPL - Single Door, Mechanical Push Button Lock, 1870mm High, Flat Shelves
- MC/R/1870/3S2D/MPL - Single Door, Mechanical Push Button Lock, 1870mm High, Plastic Trays

Standard Colours

- Paint - White
- Overall Dimensions (w x d x h)
- Cupboard - 500 x 536 x 1870mm
- Shelves & Dividers - 500 x 453 x 1500mm (Internal)

Overall Dimensions

- Cupboard: 500 x 536 x 1870mm
- Shelves: 500 x 453 x 1500mm (Internal)
- Dividers: 500 x 1500mm (Internal)

Specifications

- R/H: Right Hand Hinged
- L/H: Left Hand Hinged
- Description: Single Door

Wiring Light System

**Features**
- Suitable for use with Bristol Maid MS & CD Controlled Drug cabinets
- Provides a visual indication when the cabinet is open
- LED illuminated
- Operates using a door activated micro-switch connected to a 12v DC LED lighting/warning system (model dependent) with volt-free contact to allow connection to light/nurse call systems. (requires 100v - 240v ~, 50Hz - 60Hz, 0.3A Mains supply. Supplied fitted with a UK 3 pin plug. CE marked & conform to the low voltage directives 73/23/EEC & 89/336/EC - Warning Light System

**Remote Light Box**

**Features**
- Connects to all Bristol Maid PC, MS & CD cabinets (with or without lighting
- Provides a remote visual indication when the cabinet is open
- Connects to all Bristol Maid PC, MS & CD cabinets (with or without lighting

**Joining Kits - MC Range of Cabinets**

**Features**
- Allows two units to be joined together
- 870mm joining kit supplied with a full width worktop (2 units)

**Mechanical Push Button Lock**

**Features**
- Push-button mechanical digital lock
- Requires a 5 digit code to operate (set by customer)
- Remote light box must be fitted to all cabinets

**Micro Switch**

**Features**
- Micro-switch to allow connection to remote light/nurse call system by others

**Buzzer Alarm**

**Features**
- Replacement circuit board with buzzer
- Compatible for PC, MS & CD cabinets fitted with a light unit
- Buzzer continuously sounds when the door is open, pulses on / off when open for 2.5 minutes

**Suited Locks**

**Features**
- Substitutes locks (suitable locks / cabinets to operate using the same key)
- CABINETS fitted with this lock will not conform to BS2881: 1989 (Security Level One) Specification for Cupboards for the Storage of Medicines in Health Care Premises
Patients / Residents Own Medication Cabinets - Self Administration

Features
- Suitable for use with...
- Drug reservoir in original package
- Individual MDS packets with divers & name cards (Servicemaid with pocket filter instead of tablet)
- 3M shared with patients (if asked)
- Right type blister pack
- Available side or on hinged/flushed with either a CAM or electronic push button lock
- CAM - Supplied with two keys & uses 40 different master suites (for security we recommend that each ward/living area is fitted with a different series, masterkeys available at additional cost)
- A sliding door is on display (sliding panel is installed)
- Range of mounting plates (optional)
- Shelves not included (optional)
- Supplied with a self-adhesive name card holder (length 60mm)

Codelock Electronic Push Button Lock
- Uses a 10 button keypad and # button. The # button is hidden beneath the handle when in the locked position
- Easy programming & code change
- Four operating codes with differing levels of authority
  - Master code
  - Sub-master code
  - User code
  - Technician code
- User codes are 4 digits
- Master & sub-master codes are 8 digits
- 15,000 openings on 2 x AAA cells (supplied)
- Low battery warning with failure override using 9v battery across LED’s (+/-) & master code

Options
- SAC/FS/2 - Shelf, 200mm Wide
- SAC/FS/3 - Shelf, 300mm Wide
- SAC/FS/4 - Shelf, 400mm Wide
- SAC/WP - Mounting Plate, Wall
- SAC/LT - Mounting Plate, Locker Top

Shelves

Features
- Flat shelves (100mm deep)
- Removable to assist cleaning, allow the storage of larger items

Standard Colours
- Pearl - White

Mounting Plates

Features
- Compatible with all SAC cabinets using existing hole (hanging rails not provided)
- SAC/MP - Cabinet secured to wall plate using a small thumb screw
- SAC/CL - Mounts to upper surface of traditional bedside cabinet

Standard Colours
- Pearl - White

Patients / Residents Own Medication Cabinets

Features
- Suitable for the storage of MDS frames with dividers & name cards (max. 100mm depth)
- Available to hold two or more frames (not included)
- SAC - Small (one frame)
- SAC - Large (two frames)
- Available with either a CAM or electronic push button lock
- CAM - Supplied with two keys & uses 40 different master suites (for security we recommend that each ward/wing operate a different series)
- Electronic Push Button - Battery operated
- Mounting holes provided in back (hanging rails not included)
- Supplied with an adjustable shelf (SA045 & SA045/CL only)
- Constructed from melamine faced chipboard offering an extremely strong & durable, yet aesthetically pleasing appearance

Standard Colours
- Body/Door - Beech Woodgrain
- Suitable for the storage of MDS frames with dividers & name cards (max. 100mm depth)
- Models available to hold one or two frames (not included)
- Small - One frame
- Large - Two frames
- Available with either a CAM or electronic push button lock

Dispensing Trolleys - Wooden, Standard Capacity

Features
• Trolleys available for the storage & dispensing of drugs & medicines
• Lockable hinged lids
• Upper - Assisted using a gas strut, providing document support
• Lower - Provides a work area, at height 980mm (max load 4.0kg)
• Available with either an electronic push button or high security bolt lock
• Electronic Push Button - Uses a four digit code (available with master/submaster/user & technician codes)
• High Security Bolt Lock - Supplied with two keys
• Hinged writing flap provides a work area at height 930mm (max load 2.0kg)
• Lower shelf
• Five tier plastic rack (395mm)
• Two slide out storage/waste bins
• 100mm swivel pressed steel castors
• When not in use, trolley should be secured to the building - see optional MT/1/6F

Internal Dimensions (w x d x h)
• Small - 530 x 427 x 263mm sloping to 112mm at front
• Medium - 683 x 427 x 263mm sloping to 112mm at front
• Large - 805 x 461 x 263mm sloping to 112mm at front

Standard Colours
• Paint - Grey White
• Cabinet/Shelf/Flap - Spearmint/White

Options
• MT/1/6F - Security Clamp (page 34)
• ZP005 - Ring Buffers

Dispensing Trolleys - Wooden, High Capacity

Features
• Trolleys available for the storage & dispensing of drugs & medicines
• Lockable hinged lids
• Upper - Assisted using a gas strut, providing document support
• Lower - Provides a work area, at height 921mm (max load 4.0kg)
• Available with either an electronic push button or high security bolt lock
• Electronic Push Button - Uses a four digit code (available with master/submaster/user & technician codes)
• High Security Bolt Lock - Supplied with two keys
• Hinged writing flap provides a work area at height 850mm (max load 2.0kg)
• Lower shelf
• Five tier plastic rack (395mm)
• Three angled shelves, complete with six adjustable U shaped dividers
• Front slide out storage / waste bins
• Ring Buffers
• 100mm swivel pressed steel castors
• When not in use, trolley should be secured to the building - see optional MT/1/6F

Internal Dimensions (w x d x h)
• Medium - 530 x 461 x 513mm sloping to 137mm at the front
• Large - 683 x 461 x 513mm sloping to 137mm at the front

Standard Colours
• Paint - Grey
• Cabinet/Shelf/Flap - Spearmint/White

Options
• MT/1/6F - Security Clamp (page 34)

**Options**
- Master Keys

**Description**
- Distribution Trolley - 12 Drawers
- Distribution Trolley - 18 Drawers

**Weight**
- 56.0kg
How to fit the security clamp

1. One end of the security clamp is secured to the wall
2. The ‘hook shaped’ end is trapped by the door/lid of the trolley when closed & locked

Security Clamp

Features
- Allows the trolley to be secured to the ‘fabric of the building’
- Suitable for MT & PT ranges of trolleys
- Requires no additional keys, utilises the trolley’s own locking system
- One end is secured to the wall, the ‘hook shaped’ end is trapped by the door/lid of the trolley when closed & locked
- Recommended wall fitting height approx 1000mm

Overall Dimensions (w x d x h)
- Length - 950mm

Important Note - Security Clamp
It is a requirement that when the trolley is not in use it should be secured to the ‘fabric of the building’. This prevents theft or trolleys being pushed into isolated areas & broken into, but also encourages good nursing practice, giving the trolley a “permanent home.”

How To Order

- All orders are required in writing, either by email, fax or post. Should you wish to order over the phone, we would need to take full payment at the time of order by debit or credit card.
  
  Alternatively, we can send you a proforma invoice for payment (required to be paid in full prior to manufacture and delivery).

- Orders should be submitted as an ‘official purchase order’ complete with order number and all information required as detailed on this page.
  
  - Your order should contain the following: invoice address, delivery address, full contact details (name, email, phone & fax number), item codes along with product descriptions and prices
  
  - If applicable, please ensure our quote number is detailed on your order to ensure any agreed discounts are applied
  
  - Item codes and descriptions in this catalogue supersede all previous editions

- Payment Options

  By Credit or Debit Card:
  
  Major Credit Cards Accepted

  By BACS:
  
  Payments to: HSBC Bank PLC Sort Code: 40-12-18
  Account Number: 11044052

  By Cheque Payable to: Hospital Metalcraft Ltd, Blandford Heath, Blandford Forum, Dorset, DT11 7TG

  NHS & Public Sector Accredited Supplier

  All public sector organisations can take advantage of our nationally agreed discounts through the NHS Supply Chain - www.supplychain.nhs.uk. Buy with confidence knowing your requirement for compliant and competitive tendering has already been met.
